PRINTED REPORT OF THE REPORT OF THE PRINTED REPORT OF THE PARTY PA

FINANCIAL AND COMMERCIAL.

WEDNESDAY, Nov. 9-6 P. M. On 'Change to-day the wheat market was dull and lower. Cotton was heavy and fell of upon cable advices of a decline at Liverpool, where the recent heavy receipts at the American ports have had the effect of checking any speculative movement for higher prices.

THE GOVERNMENT BALE OF GOLD. THE GOVERNMENT BALE OF GOLD.

The Treasury Department sold a million of gold to-day, through the Assistant Treasurer in this city. Bids were flied for a total of \$5,244,000, at prices ranging from 110 to 110.50. The proposals were telegraphed to Washington, and on the receipt of that amount was Instructions to sell one million that amount was awarded at 119.50 to 110.41 %.

GOLD WEAK—110% A 110%.
The gold market was very dull and weak, the early dealings being at 110% and 110%. The nume. rous proposals for the government gold, thirty being submitted, as well as the large amount bid for, strengthened the market after twelve o'clock, and the price advanced to 110%. But here the each gold became heavy, and the leaning rate changing from the borrowing to the carrying column the market declined once more to 11034, at which the latest sales were made. The chief fluctuations of the day are shown in the following table:—

In the gold loan market the rate canged from four

per cent for carrying to three per cent for borrowing. The operations of the Gold Exchange Eank were as follows:-

MONEY EASY.

change has not been sufficient to overcome the in-creased resources of the banks, which are now gaining steadily in the interchange of currency with the interior, the rates at the West favoring a movement in this direction. In fact, the supply is more than equal to the demand at six per cent, and that rate is growing to be exceptional, borrowers being generally able to find accommodation at five per cent upon the usual stock collaterals. Where the collaterals are government securities borrowers are alternately supplied at four and five per cent. At the same time a better inquiry for mercantile paper is noticeable, and prime double names sell readily at 7% a 8 per cent.
FOREIGN EXCHANGE ADVANCED.

The demand for foreign exchange on Tuesday and the diminished supply of commercial bills induced drawers to advance their rates to-day about an eighth per cent. There was not much doing, however, at the higher quotations, the steamer tomorrow being less a favorite with remitters, but the market closed steady, as follows:-Sterling, sixty days, commercial, 1031/4 a 109; good to prime bank-ers', 1091/4 a 1091/4; short sight, 1091/4 a 1093/4; Antwerp, 5.21% a 5.17%; Switzerland, 5.17% a 6.12%; Hamburg, 35% a 36; Amsterdam, 40% a 40%; Frankfort, 40% a 41; Bremen, 78% a 79; Prussian thaiers, 71 a 71%.
GOVERNMENTS STEADY.

There was little or no activity at the government board, and prices were a shade off, except for the currency sixes, which naturally improve with the decline in gold. In fact, the speculative interest of the street seems concentrated at present in the Stock Exchange. The foreign market continues firm in face of the advent of the new French loan. The final street market was quiet, and closed with the following quotations:-United States currency sixes, 111% a 111%; do., 1881, regts tered, 113% a 113%; do. do., cougon, 113% a 118%; do. five-twenties, registered, May and Nevember, 10734 a 10734; do. do., 1962, coupon, do., 10834 a 10834; do. do., 1884, do. do., 10734 a 10734; do. do., 1885, do. do., 1073/4 a 1073/4; do. do., registered, January and July, 1993/4 a 1093/4; do. do., 1865, conpen, do., 109% a 108%; do. do., 1887, do. do., 100% a 100%; do. do., 1868, do. do., 100% a 110%; do. ten-ferties, registered, 100% a 106%; do. do., coupon, 106% a 106%.
STOCKS STRONG AND BUGYANT.

The stock market was strong and at times very active. Election day seemed to have been the turning point with many who feared to make a venture pending the possibility of disturbance and riot. The nt-of-town orders were consequently numerous to-day, as if the public had been waiting to deal when this contingency had gone by. A further improvement of three-quarters to one per cent was established in several of the leading speculative railshares, while the average rise was fully half per cent. The following were the closing prices at the last session of the Stock Exchange:— Canton Company, 70; Cumberland Iron, 40; Western Union, 41% a 41%; Mariposa, 6% bid; preferred, 10% a 10%; Boston Water Power, 1816 bld; Adams Express, 67% a 68; Wells-Fargo Express, 36 a 37; Wells-Fargo Express scrip 2% a 2%; American Express, 45% a 46; United States Express, 33% a 34; Pacific Mail, 42% a 42%; New York Central consolidated, 93¼ a 93¾; do. scrip, 88¾ a 88¾; Erie, 23¼ a 23½; Harlem, 135 a 136; Reading, 101¾ a 101%; Michigan Central, 120% bid; Lake Shore, 94% a 94%; Union Pacific, 23% a 24; Illinois Central, 187 a 138; Cleveland and Pittsburg, 107% bid; Chicago and Northwestern, 81 a 8114; do. preferred, 90% a 9014: Cleveland, Columbus, Cincinnati and Indianapolis, 80% tid; New Jersey Central, 109% a 100%; Rock Island, 113% a 113%; Milwankee and St. Paul, 61% a 62; do. preferred, 81% a 81%; Toledo, Wabash and Western, 53% a 53%; do. preferred, 73 a 80; Fort Wayne, 94% bld; Chicago and Alton, 118; do. preferred, 118 a 120; Onio and Mississippi, 32% a 32%; St. Louis and Iron Mountain, 47 bid; Delaware, Lackawanna and Westera, 111 a 11134; Morris and Essex, 9134 a 92; Bosten, Hartford and Erie, 3% a 4; Hannibal and St. Joseph, 110 a 110%; do. preferred, 120; Columbus, Calcage and Indiana Central, 18% a 18%.

THE SUB-TREASURY BEPORT. The following was to-day's business at the office of the United States Treasurer:— THE CHICAGO MONEY MARKET.

The Chicago Tribune of yesterday says:

There is a shade easier feeling in the money market than at the close of last week. Nearly all the banks admit that deposits are increasing some, and that there is less activity in the demand for money. This is the result of better collections in the country by merchants and jobbers, who have heretofere been obliged to ask for accommodations from their bankers. Money is easier in the country than it was a week ago, and the applications of country banks for rediscounts have also fallen off. Netwithstanding the easier tendency of the money market the banks are discriminating in favor of short paper and demand loans, and are avoiding sixty and minety day paper as much as possible, so as to have their means well in hand to meet the demands of the packers, which will begin with cold weather. The novement of currency is now decidedly in favor of the city and against the country, as there is scarcely any going out, but considerable amounts of currency are coming in from all parts of the grain raising districts, showing that the movement of produce in the country is on the decidine. The marketing of hogs will soon make another demand for currency; but, as the money paid for them will enable the farmers to hold their grain, it seems probable that if grain receipts fall off now thay will be comparatively light all winter. Exchange continues rather scarce, owing to light shipments of grain eastward, and sales were made between banks to-day at from twenty-five to fifty cents per \$1,000 permium. At the counter bankers buy at one-tenth discount and sell at one-tenth premium. The Chicago Tribune of yesterday says:-

The Imperial Commissioner's Rep ort on the Massacres-Complete Justification of the Christian Communities-The Sisters of Mercy and Charity Commended-A Liberal and High-Minde & Statement. Tseng-kwo fan's memorandum of his investigation into the Tientsin massacre, China, is worth reading

in extenses. We copy the following translation of it from a Shanghae journal:—
Having been ordered by Imperial decree to repair to Tientsian and inquire the coughty into the events of the 21st of June, the hore, up resembling of the 21st of June, the hore, up resembling of the 21st of June, the hore, up resembling in the first cause of the disturbances lay in the circumstance that missionaries were accussed of being implicated in the kidnappings perpetrated by oam and near to this must be added the various rumors about eyes dug out and hearts torn out, it being preceded that a certain medicine was prepared from only sorted and there were many who brought for the simple and silly people, but even among the gentry and literal there were many who brought forward the same accusations with one voice. From these accumulated suspicious openity expressed dissatisfaction arose, and anid the consequent excitement the great disaster happened. It is therefore mecessary, in the first place, to discriminate between truth and fabrication, in order to separate right from wrong, and innocence from guilt, so that we may clearly show that a just settlement of the mithematical and the signal of the content of the mithematical wild rumors of this kind pocality keep in high and wild rumors of this kind pocality keep in high and wild rumors of this kind pocality keep in high and the signal wild rumors of the kind pocality keep in high and the signal wild rumors of the kind pocality keep in high and the signal wild rumors of the kind pocality keep in high and the signal wild rumors of the kind pocality were well as and klangal, in Yangchow and Tienmen, and even in the province of Chinili, in the districts of Taming-in and Kwang-ping, anonymous and inflammatory placards were posted about, in which it was manufance either that the missionaries stole children, or that they dug out the eyes and toro out the hearts of men, or that women and girls were seduced and polluced by them.

And although the disturbances excited by those occusations

as possible.

It may not be denied that among the Chinese con-

It may not be denied that among the Chinese converts there may be had men who kidnap children and do other bad things, covering themselves with the name of missionaries as with a talisman; but this can only impose on us the duty to punish those converts who are found guilty of lawlessless, and must not lead us to lay these things to the charge of the missionary establishments generally.

It is the aim of the Catholic religion to teach men to be virtuous, and the Emperor Kang-hi long ago gave permission to spread this doctrie in his dominions. And the nospitals of the Sisters of Mercy may be fairly compared with our own foundling hospitals, &c. The desire of the Sisters is to found asytums for the miserable and poor. Charity and mercy are their device; if, therefore, they are accused of abominable deeds, foreigners will be justly prompted to resentment and wrath.

It is my wish, therefore, that the Emperor should promulgate an edict in all the provinces of the empire openly declaring that the misdeeds laid to the charge of the missionaries in these anonymous placards are nothing but calumnles; so that the wrong done to foreigners by these standers may be expiated and the doubts of the Chinese people and the literati may be dissolved, and that every man in the empire may learn and know the true state of things. In this way it is hoped that the distribute existing at present between Chinese and foreigners may be terminated and that the hatted and till will between our people and Christians may gradually disappear.
